## RBA-20 Airband Antenna

**£44.95**

### DESCRIPTION

The Radioworld RBA-20 Airband Antenna For optimum reception of air band signals you cannot do better than install an external base station antenna. The improvement is dramatic.

The RBA-20 is designed to give you these improvements and its fibre glass construction ensures long life. Simply screw in the 4 radials and attach to a mast with the hardware provided. The connector is an "N" type so you will need an "N" plug to fit to your coax cable. We can also supply a plug adaptor to accept the popular PL-259 plug. WORKS WITH, ICOM IC-R2500, IC-PCR1500, IC-PCR2500, SCANNER, AR-108 Air band Scanner COMMUNICATIONS RECEIVER AOR-8600, AOR AR-8600, AOR-3000 IC-R20, PSR-295
