FT-817(ND) MIC-to-CW Cable Connect Your Key Via Microphone Plug **£14.95**

DESCRIPTION

Depending upon how you have mounted the FT-817(ND), plugging in the cable on the back of the FT-817(ND) for the keyer can be difficult to reach in some cases. The MIC-to-CW cable allows you to take advantage of a special feature in the FT-817(ND) that lets the user connect the key through the MIC jack. Operation is simple. Just set KYR ON, set MENU 36 ON, plug paddles into red jack of the MIC-to-CW cable, and plug the other end of the MIC-to-CW cable into the MIC jack after unplugging the microphone.
