Roberts Radio BLUTUNE 50 DAB/Bluetooth Sound Systems **£99.95**

DESCRIPTION

BluTune 50 Roberts radio new range of DAB/Bluetooth Sound Systems will blow your streaming minds. Stream your music from iPhones and smartphones and lap up the sound quality. The BluTune 50 is a compact table top solution offering a whole host of features including stereo sound system with a 2.1 speaker system, USB socket for iPhone/ Smartphone charging, DAB/DAB+ and FM wavebands and so much more.....

Bluetooth is a way of exchanging data wirelessly over short distances, and is an attempt to do away with your computer's jungle of wiring. Using a special radio frequency to transmit data, it creates a short range network. It is very secure and can connect up to eight devices (items of electronic equipment) at the same time. Bluetooth is particularly convenient in certain situations.

- Bluetooth audio streaming via iPhone/Smartphone
- 2.1 speaker system to bring out the best from your music collection
- USB socket for iPhone/Smartphone charging
- DAB/DAB /FM wavebands
- 20 station presets
- High Contrast VA type LCD display
- FM RDS station name display
- Display dimmer
- 2 alarms with humane wake
- Wake to buzzer or radio
