The Icom ID-51 PLUS 2 is the third generation of the successful D-Star HT. Like the original ID-51, it covers 2 metres and 440 MHz and receives two bands simultaneously (V/V, U/U & V/U). Output power is 5, 2.5, 1.0, 0.5 or 0.1 Watts. It is IPX7 waterproof and features a built-in GPS! The large 128x104 dot-matrix display is impressive. This radio has an astounding 1304 channel alphanumeric memory system. There is a Micro SD card slot for an optional memory card. This can be used to store DVR Incoming/Outgoing Messages, GPS Log and Memory Backup. There is built-in CTCSS/DTCS encode/decode for analog FM. It even features an independent AM and FM broadcast receiver. A Voice Memory feature records incoming and outgoing calls and can be used as a voice recorder, The ID-51 PLUS 2 hand portable is a special edition model which will come in several colours/patterns. The new Terminal Mode and Access Point Modes enable you to make D-STAR calls through the Internet, even from areas where no D-STAR repeater is accessible.
